Description

As a computer science student at FAST University, I am passionate about staying at the forefront of technology and innovation.

I have a strong foundation in programming languages such as C++, Python, and JavaScript and am experienced in using tools such as Git, Anaconda and VMS. I have completed courses which cover multiple topics in expertise of Python and JavaScript along with Web Development.

I'm quick learner and am always eager to learn new technologies. In my free time, I like to work on personal projects to improve my skills and stay up-to-date with the latest advancements in the field.

I also play video games as Valorant , GTA V or video editing in my free time. I am excited to connect with professionals in the industry and explore opportunities for internships or co-op positions. Feel free to reach out and connect with me on LinkedIn.
